# CLINICAL RESEARCH HIGHLIGHTS

## GCP Training and Certification

Pharmatrendz offers training sessions that address the fundamentals of Good Clinical Practice, the implementation of clinical trials, and the duties and obligations of different stakeholders participating in clinical research.

## Interactive Expert Talk

Pharmatrendz invites experienced professionals and subject matter experts from the clinical research industry to deliver lectures and presentations. This session helps students understand the practical challenges and decision-making process involved in clinical research.

## Placement Assistance

Pharmatrendz offers students professional guidance and support to help them build successful careers by providing resume feedback, interview preparation and career counselling.

## Informative Webinar Sessions

Pharmatrendz conducts frequent webinar sessions through which the participants learn about latest trends, best practice and key insights to enhance their knowledge and skills in the clinical research field.
